FLUID ACCESSORIES

A set of EVIA fluids to make a fisherman's life easier:

- High quality oil to lubricate the fishing reel bearings or other mechanical items.
- Rod cleaning fluid, specifically designed to remove the salt and dirt from the crucial parts of the rod, for durability, and also to clean the rings and rod spigots.
- Line protector fluid for enhanced line durability and to reduce the friction with the rings when casting and retrieving.

The large containers have 150 ml and are supplied in boxes of 15, whilst the small containers have 12 ml and are supplied in boxes of 25.

REF.	MODEL	CONTAINER	€/EACH
1	BGAP	Precision oil	150 ml
